

LESSON 1 - ASSIGNMENT

1. In your own words, define wildlife management. Write no more than one paragraph.
2. Write a report of approximately 300 words on your first set task, outlining the goals of the program and whether you feel the wildlife program has a conservation, preservation or management approach.
3. What is the difference between conservation and preservation? Complete this question in approximately 30 minutes.
4. Write a report of approximately 300 words on your second set task.
